About Shield Therapeutics plc

Shield is a commercial stage specialty pharmaceutical company with a focus on addressing iron deficiency with its lead product Accrufer®/Feraccru® (ferric maltol), a novel, stable, non-salt based oral therapy for adults with iron deficiency with or without anaemia.

Shield's proprietary lead product, Accrufer®/Feraccru®, has been approved for use in the United States, European Union, UK, Switzerland, and Australia. The product has patent coverage until the mid-2030s. The Company recently launched Accrufer® in the US. Feraccru® is being commercialised in the UK and European Union by Norgine B.V., who also have the marketing rights in Australia and New Zealand. Shield also has an exclusive license agreement with Beijing Aosaikang Pharmaceutical Co., Ltd., for the development and commercialisation of

Accrufer®/Feraccru® in China, Hong Kong, Macau, and Taiwan, with Korea Pharma Co., Ltd. in the Republic of Korea, and with KYE Pharmaceuticals Inc. in Canada.
